24 Marsland Road QUEENTON QLD

3 1

This miner's cottage has potential to be something special with your own personal touches or a great investment opportunity.

A spacious lounge room with split system air-conditioning and traditional casement window offers access to a small quaint covered patio area to the side of the home.

The combined dining and kitchen area offers plenty of natural light through the banks of glass louvres and enough room to swing a cat.

Three bedrooms all feature casement windows and air-conditioning, plus a bonus room that would make the perfect home study or storage space which leads through to a side timber deck.
